RAIGAD FORT

Raigad is a hill fort situated about 25 km from Mahad in the Raigad district and stands 2,851 feet above the sea level. The British Gazette states the fort was known to early Europeans as the Gibraltar of the East. Its decisive feature is a mile and a half flat top which has adequate room for buildings. In its prime, the fort had 300 stone houses and a garrison of 2,000 men. The fort, which was earlier called Rairi, was the seat of the Maratha clan Shirke in the 12th century. The fort changed hands a number of times from the dynasty of Bahaminis to the Nizamshahis and then the Adilshahis. In 1656, Chhatrapati Shivaji captured it from the More's of Javli who were under the suzerainty of the Adilshahi Sultanate. The fort not only helped Shivaji challenge the supremacy of the Adilshahi dynasty but also opened up the routes towards Konkan for the extension of his power.
